Diagram illustrating the addition of two two-digit numbers using a grid:

8	2
2	8

A red plus sign (+) is shown to the left of the grid. A red circle is drawn above the top-right cell (2). A red horizontal line is drawn below the grid. Below the line, there are four empty columns for the answer.

A diagram for a subtraction problem. It shows a red circle above a grid. The grid has two rows and two columns. The top row contains the numbers 1 and 9. The bottom row contains an empty box and the number 8. A red plus sign is to the left of the grid. A red horizontal line is drawn below the grid, with three vertical lines extending downwards from it.

Below the grid is a horizontal red line, and below that are four empty boxes for the answer.

Problem 1

2nd Grade

7	8	1
	5	9

Two empty circles are provided for the answer.

Two empty circles are positioned above the grid for the sum.

4	2	8
8	2	4

A red plus sign is to the left of the grid.

Below the horizontal line are four empty boxes for the answer.
